

Surgical Expertise You Can Trust

Nicholas Langan, MD, FACS

Dr. Langan is board certified in general surgery, and is well-versed in advanced, minimally invasive laparoscopic and robotic surgeries with a special interest in anti-reflux disease. He is also a Fellow of the American College of Surgeons. Dr. Langan offers surgical care and procedures related to abdominal wall repair, acid reflux disease, anorectal disorders, colon cancer and diverticular disease, gallbladder and biliary disease, gastrointestinal tract disease, and inguinal and hiatal hernia repairs.

Lee C. Pederson, MD, FACS

Dr. Pederson is board certified with the American Board of Surgery and is a Fellow of the American College of Surgeons. He is a member of the Society of Surgical Oncology and the American Association of Endocrine Surgeons. Dr. Pederson provides the full range of general surgical care and has advanced fellowship training in cancer and endocrine surgeries. He has specialized training in and experience with minimally invasive approaches to melanoma and breast cancer called lymphatic mapping and sentinel lymph node biopsy. He is credentialed to place the Mammosite® catheter for accelerated partial breast radiation therapy to treat breast cancer. He also has advanced training and expertise with gastrointestinal tumors and endocrine surgery, including thyroidectomy and minimally invasive parathyroidectomy.

Louis H. Zbinden III, MD, FACS

Dr. Zbinden is board certified in general surgery and is a Fellow of the American College of Surgeons. He performs laparoscopic procedures when appropriate and provides the full range of general surgical care for: thyroid and parathyroid disorders, hernia surgery, stomach disease, including acid reflux disease, gallbladder and biliary disease, including the pancreas, small intestine disease, anorectal disorders, including hemorrhoid disease, skin cancers and skin lesions, and benign breast disease. He provides all modes of treatment of varicose veins and venous stasis disease, including radio frequency ablation, phlebectomy and sclerotherapy.
